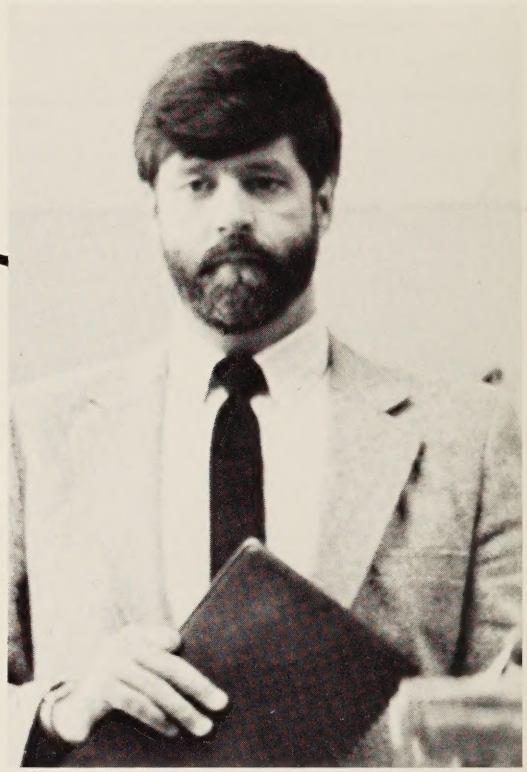
The picture at the left shows Courtland High School as it appeared five years ago. We have taken great strides in academics, sports, and extracurricular activities since the founding of our school.

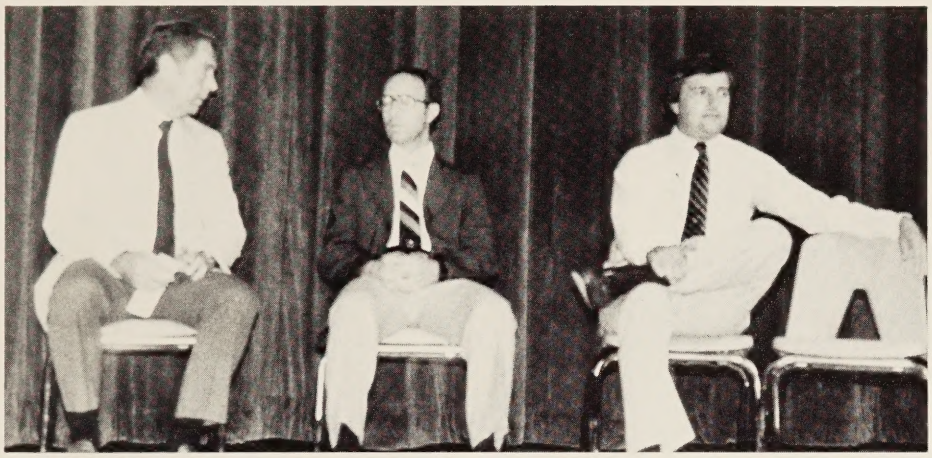
Because of our many outstanding accomplishments, the *TRACKS* staff feels that these Cougars deserve to be the focus of this yearbook. Thus, we present our theme "A Spotlight on '84-'85".

Spotlight On Academics . . . . . .



Above: Spending much time and energy to develop students' talent is Mr. Nesbitt. Left: Twenty computers are now available for use by students such as Debbie Murray and Brad Baxter. Below: Battle of the Brains team: Vincent Camillo, Carter Embrey, Damon Fetters, Mike Caldwell, Mike Mitchell, and Richard Evonitz.

. . . And Our Mentors

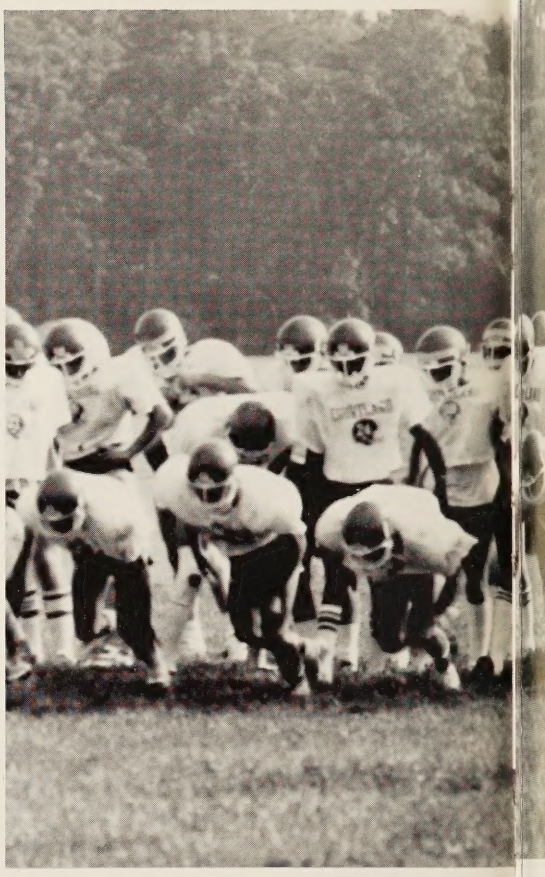


Above: The Big Three: Mr. Woods, principal; Mr. Marcus and Mr. Houck, assistant principals. Right: Veteran teacher of government, Miss Durrette, prepares seniors to be responsible citizens. Below: Academic lettermen.

For the first time in Spotsylvania County, students earning a grade point average of 3.5 are recognized and rewarded with academic letters. Students who show exceptional scholarship, leadership, character, and service are eligible for membership in the National Honor Society. To encourage students to reach their fullest potential, advanced classes, such as Science Seminar and AP English are offered. Battle of the Brains, an extracurricular activity, is a means by which students may demonstrate their knowledge (and recall) of a variety of subjects.

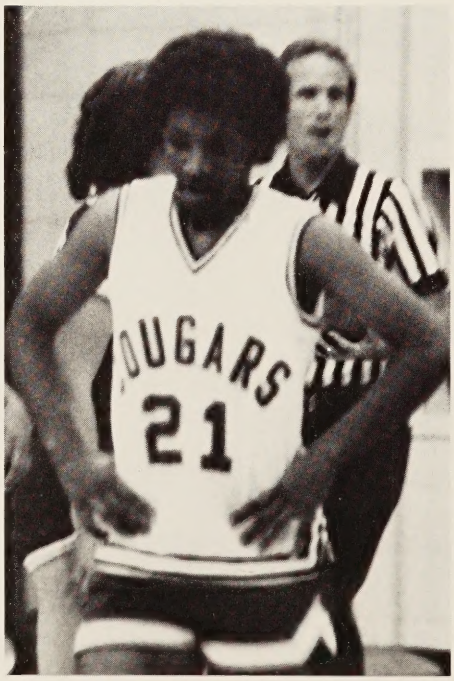
We owe so much to our mentors —teachers, coaches, counselors, administrators. It is by their guiding hands that we make our way through four years of high school.

Spotlight On Sports

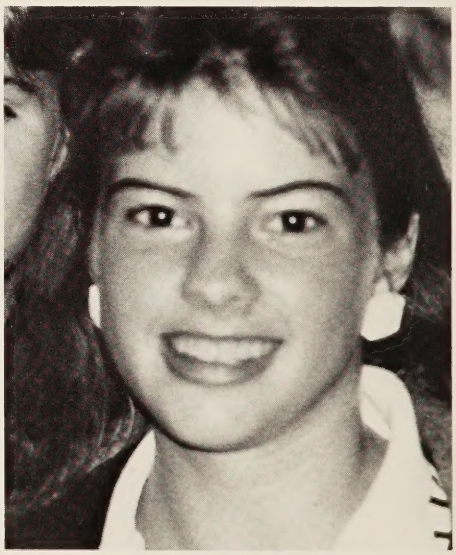


Above: Matt Hopkins, who has run away with records and titles, is an individual state champion in the mile run. Below: Valarie Smith, last year's Free Lance-Star Player of the Year, has a career high of 29 points scored in a game.

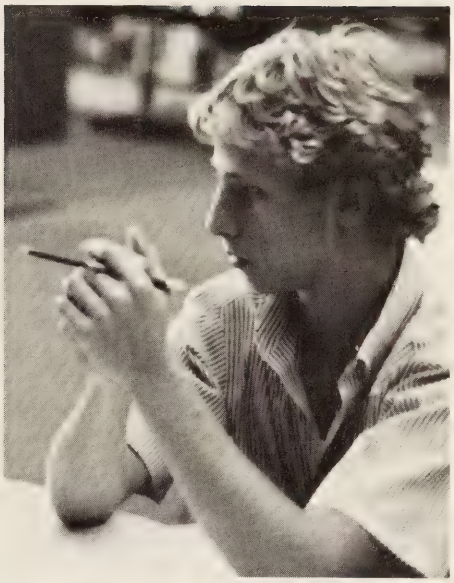
Varsity hockey's star, Eileen Murphy, left, has the Battlefield District record for most goals scored in a game and a season.



Above: Under the direction of Coach Brown, the Mighty Cougars captured back-to-back state AA championships. Below: Sophomore Johnna Duncan's performance in gymnastics led the Lady Cougars to the '83-'84 state title.



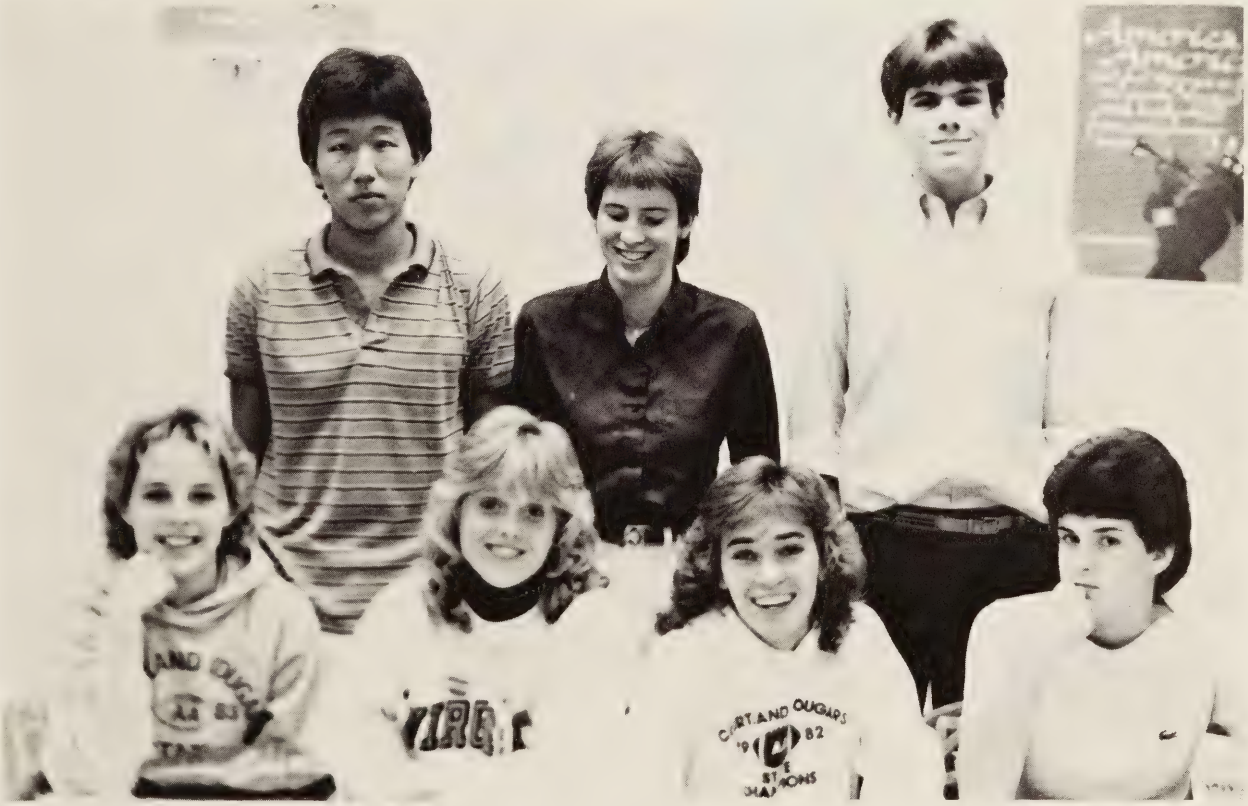
. . . And Senior Leaders



Winning is a Cougar tradition. Spurred on by victories, the football, gymnastics, cross country, and field hockey teams have brought glory, recognition, titles, and records to Courtland. Our trophy case and the walls of the gym sport the evidence of these individual and team successes.

Courtland High School is run in part by experienced and hard-working leaders in the senior class who give their energy and time unselfishly. These students have distinguished themselves by taking on responsibilities, by organizing meetings and work, and by making sure things get done.

Above: Senior Class Vice President and yearbook editor-in-chief, Keith Mastrion. Below: Diligently toiling for the SCA are seniors Becky Little, Eugene Ryang, Sandi Provow, Meghan O'Connor, Barb Kelley, Stacy Kourouklis, and Mindy Fetters.



The Class

Of 1985

THE FREE LANCE-STAR

FREDERICKSBURG, VA 22401

For the underclassmen, spring means the beginning of the end of one more school year. For the seniors, however, it marks the end of a beginning.

For twelve long, arduous years they studied, wrote papers, did experiments, participated in sports and . . . took exams. With the looming threat of SAT's and college acceptances for the most part behind, now is the time for seniors to relax.

Although graduation night '84 was steamy, the graduates were undaunted. The Class of 1984, 257 strong, received $109,350 in scholarship money, and 188 of them planned to further their studies.

Also in spring of '84, Courtland sports teams won many titles and honors. Following are some of the highlights.

Though the people have scattered to various places, memories of their comraderie remain on book covers and sweatshirts. Mr. Yuk Symbols will forever bring thoughts of the group of guys whose antics added spice to the year of 1984 at Courtland. It began with a surplus of stickers, originally intended to mark poison. However, by the end of the year, the stickers had extended from beyond this group to most of Courtland. With all the status Mr. Yuk had obtained, he left with style. Early on the last day of school, a sheet painted with fluorescent green and black hung from the school's roof. However, Mr. Yuk graduated with the guys, emblazoned on their caps and tassles. How could a group this harmless ever be marked "poison"?

Jerdina Robertson and her date Walter Briggs.

Deidra Burrus and Billy Bean share a dance.

Mr. Woods Congratulates Amanda Barnes.

Seniors mark their territory in the lunchroom.

Freshmen, coming from the middle schools and numbering 508, have made a great impact on the school and student body- cramped hallways, overcrowded rooms and long lines for lunch. Of course, the Freshmen impact is more than just overcrowding. They are always in high spirits and are willing to get involved in various projects. Being new here in this big school, though, causes many of the Freshmen to be insecure and at first they seem lost, taking away some of the credit and respect due to them. And, as always, Freshmen are a source of amusement for the upperclassmen. Top Left- Everyone knows the mighty cougars are PAWSOME! Top Right- Colleen Devine, giving us one of her *rare* smiles, does her homework before school begins. Lower Left- Freshmen Cheryl Allen and Carolyn Haghighi appear to be fascinated with the Library. Lower Right- Yvonne Riemke, a camera-shy Freshman, waits for her bus by the flagpole.

With one year of experience under their belts, the sophomores began this year a little more confident than they had the previous one. They won the spirit dot competition and the grand prize in the float competition at homecoming. Many sophomores contributed to sports, the one-act play, and various organizations. Also, over eighty sophomores received academic letters.

A Candid Look At Underclassmen
